COMPANY OVERVIEW

ADVENTURE HELICOPTERS ARE DELIGHTED TO ANNOUNCE COMMENCEMENT OF OPERATIONS FOR EXECUTIVE HELICOPTER CHARTER AND HIRE SERVICES THROUGHOUT IRELAND AND ARE BASED IN ADARE, CO.LIMERICK.

Our business has developed from our parent operation in the UK which is Adventure 001 Ltd. Our MD, Neil McLaren is a pilot himself, established Adventure 001 Ltd in 2002 and 15 years later, maintains an excellent reputation for an impeccable safety record and first class customer experience.

Our company offers an entire range of helicopter tours across Ireland and the UK wide programme, from 5 to 60 minutes durations at over 35 regular venues. Flights are available at each of these venues at least one weekend date a month between May to October, the season varies across the UK venues.

Our Irish division is run by a local team with over 20 years experience in the Irish Aviation market who have an in-depth knowledge of the helicopter industry within Ireland. Our Irish pilots have many years experience flying aircraft in Ireland, The UK and Internationally.

In addition to regular flying events we can operate in conjunction with large festivals and special events. Many of our special events require multiple helicopters and our fleet is available to cover these along with a fantastic team of professional ground crew and equipment available.

EVENT PORTFOLIO

OUR PARENT COMPANY IN THE UK PROVIDES REGULAR SERVICES TO THE BIGGEST AIR DAYS THROUGHOUT THE COUNTRY, INCLUDING RAF COSFORD AIR SHOW AND FLYING CELEBRITY CLIENTS INTO THE INFAMOUS ROYAL ASCOT. WE HOPE TO ADD TO OUR PORTFOLIO WITH SOME OF THE LARGER EVENTS IN IRELAND.

With our vast experience of managing aviation events we ensure the queuing time is kept to a minimum, usually under 20 minutes.
